

Catalog Event Clean Energy Technology & Innovation INOVATEC 2010

October 5 - 8, 2010 «» Belo Horizonte, Brazil

The United States Commercial Service (USCS/Brazil) – part of the U.S. Department of Commerce – wants to promote your products and services at the 6th annual *Technological Innovation Exhibition-INOVATEC* to be held October 5-8 in Belo Horizonte the state capital of Minas Gerais, Brazil.

About Inovatec 2010

Sponsored by the Secretariat of Science, Technology and Higher Education for the state of Minas Gerais, Brazil, this year's theme is **Clean Energy** exhibiting institutional and corporate technology, products and services on biomass, biofuel and solar and wind as alternate energy sources.

We will also include a short list of pre-screened local companies interested in discussing options to act as sales agent, representative or distributor in Brazil for your company.

U.S. Commercial Service at Inovatec 2010

The U.S. Commercial Service booth, displaying the catalog show of U.S. manufacturers, will have staff available to field inquiries and compile a list of those companies that expressed interest in your product.

Great market exposure

and leads from potential customers or local partners in Brazil are among the benefits that U.S. companies can expect from participating in this Catalog Event. Small and medium-sized companies, as well as others not planning to attend the event, will find this to be an excellent cost effective tool for expanding their market reach.

U.S. companies interested in
the Catalog Event may contact:

Robert Pohl
Commercial Assistant
U.S. Commercial Service
Belo Horizonte, Brazil
Phone: 55-31-3213-1571
Email: Robert.Pohl@trade.gov

Deadline: August 21st 2010

Only US\$ 300 and we will provide this unique opportunity to be present at an important event without the travel expense or cost of setting up a booth .

Should you decide to participate in the Catalog Show Program, please indicate your interest by emailing full company contact information to the US Commercial Service office in Belo Horizonte, Brazil to the attention of Mr. Robert Pohl (Robert.Pohl@trade.gov) and we will forward full information on delivery instructions for you to send us your company's literature.

Deadline to participate is August 21st 2010.
